* Ogni blister di LOW DRIFT PLASTICO comprende una chiave di apertura
* Each blister of PLASTIC LOW DRIFT nozzles include a suitable wrench.
* Cada blíster de LOW DRIFT PLASTICO incluye una llave de apertura

COME ORDINARE

Aggiungere il "Tipo blister" alla fine del codice ugello.

...per esempio: per ordinare 100 ugelli Fan Air Ceramic Verdi in **blister**, l'ordine corretto è:

AFC110015B1 quantità 10.
(codice d'ordine AFC110015 + tipo blister B1 + quantità **BLISTER**)

LA QUANTITÀ DA ORDINARE SI RIFERISCE AL NUMERO DI BLISTER E NON AL NUMERO DI UGELLI.

HOW TO ORDER

Add "Blister type" at the end of nozzle code.
..for instance: to order 100 **blister-packed** Fan Air Ceramic Green nozzles, the correct coding is:

AFC110015B1 quantity 10.
(order code AFC110015 + blister type B1 + **BLISTER** quantity)

ORDERED QUANTITY DOES NOT REFER TO NUMBER OF NOZZLES, BUT TO NUMBER OF BLISTERS.

CÓMO PEDIR LOS BLÍSTERES

Agregar el "Tipo blíster" al final del código de la boquilla.

...por ejemplo: para ordenar 100 boquillas Fan Air Ceramic Verdes en **blíster**, el orden correcto es:

AFC110015B1 cantidad 10.
(código de orden AFC110015 + tipo de blíster B1 + cantidad de **BLÍSTERES**)

LA CANTIDAD QUE SE ORDENA SE REFIERE AL NÚMERO DE BLÍSTERES Y NO AL NÚMERO DE BOQUILLAS.
